

NYPD Reveals CHILD-SEX RING in Hillary Clinton Campaign & DNC involving Members of Congress + Fed. Judges; Evidence of Bribery, Money-Laundering, Depraved-Indifference Murder and more!

**THE END
IS NIGH.**

New York Police Department detectives working an alleged underage sexting case against former Congressman Anthony Weiner turned over a laptop he shared with wife

Huma Abedin to the FBI with enough evidence "to put Hillary (Clinton) and her crew away for life," NYPD sources tells SuperStation95. Congressman Weiner's laptop contained 662,871 emails of which 11,112 belonged to his wife, Huma Abedin.

Quite a number of the Huma Abedin emails involve "pay-to-play" wherein a person or company or foreign government which wanted something from Clinton while she was Secretary of State, would make a "donation" to either the Clinton Foundation (CF) or to the Clinton Global Initiative (CGI) in order to get what was wanted. Flat-out Bribery! These emails prove that Huma Abedin was the individual Hillary USED to communicate with foreign leaders or governments about inside information or to make deals.

Based upon the troves of new emails found on Weiner's laptop, legal experts now believe they can prove the Clinton Foundation was nothing but a farce, set up for "pay-to-play" to enrich the Clintons personally. The emails allegedly establish the countries involved in "pay-to-play" include Saudi Arabia, Israel, Turkey, Qatar, Kazakhstan and the Ukraine. The Qatar money is of particular interest because it seems to prove that Hillary Clinton received about a Million Dollars from Qatar after the Syrian President, Bashar Assad, REFUSED to allow Qatar to run a natural gas pipeline through Syria to supply gas to Europe.

Shortly after that million was donated, seven (7) experienced operatives from the CIA were dispatched to Syria on orders from the US State Department which Clinton headed. Those 7 CIA operatives created the Free Syrian Army (FSA), to begin efforts to forcibly overthrow President Assad of Syria. The operatives recruited Jihadis and others and began launching attacks inside Syria to destabilize its government, while the State Department churned out a media onslaught describing President Assad as a "brutal dictator" who "tortured his own people" etc., etc., etc. This fomented what would become the now 5 year old Syrian "Civil War."

The Qatar plan was for their pipeline to run as shown, through Syria, but Syrian President Bashar Assad REFUSED. That's when Qatar "donated" to the Clinton Foundation, and in a remarkable coincidence, the US State Department ordered CIA operatives into Syria to form the Free Syrian Army to overthrow Assad!

It is allegedly the position of the NYPD that, the money donated by Qatar to the Clinton Foundation was a bribe to set in motion the forcible overthrow of the Syrian government. As a result, numerous innocent men, women and children in Syria have been killed. Prosecutors in New York City tell SuperStation95 that "people being killed was a foreseeable consequence of fomenting a revolution inside Syria" and "that potentially makes Mrs. Clinton's actions Second Degree Depraved Indifference Murder, under New York State Penal Law." they said.

The fact that the Qatar money went to the Clinton Foundation in New York, and that Hillary Clinton is a citizen of New York, gives New York State jurisdiction to prosecute

Hillary for tens-of-thousands of counts of Second Degree Depraved Indifference Murder, for all the innocent people killed in Syria.

NYPD sources said Clinton's "crew" also included several unnamed yet implicated members of Congress, federal judges, State elected officials and numerous staffers in addition to her aides and insiders. NYPD has all the names!

The NYPD seized the computer from Weiner by executing a search warrant and detectives discovered a trove of emails to and from Hillary Clinton, Abedin and other insiders during her tenure as secretary of state. The content of those emails sparked the FBI to reopen its defunct email investigation into Clinton last Friday.

But new revelations on the contents of that laptop, according to law enforcement sources, implicate the Democratic presidential candidate, her subordinates, and even select elected officials in far more alleged serious crimes than mishandling classified and top secret emails, sources said. NYPD sources said these new emails include evidence linking Clinton herself and associates to:

- Money laundering
- Child exploitation
- Sex crimes with minors (children)
- Perjury
- Pay to play through Clinton Foundation
- Obstruction of justice
- Other felony crimes

NYPD detectives and an NYPD Chief, the department's highest rank under Commissioner, said openly that

if the FBI and Justice Department fail to garner timely indictments against Clinton and co-conspirators, NYPD will go public with the damaging emails now in the hands of FBI Director James Comey and many FBI field offices.

The depravity of what has been found lead the NYPD Chief to also say:

“What’s in the emails is staggering and as a father, it turned my stomach. There is not going to be any Houdini-like escape from what we found. We have copies of everything. We will ship them to Wikileaks or I will personally hold my own press conference if it comes to that.”

The NYPD Chief said once Comey saw the alarming contents of the emails he was forced to reopen a criminal probe against Clinton.

“People are going to prison,” he said.

Meanwhile, FBI sources said Abedin and Weiner were cooperating with federal agents, who have taken over the non-sexting portions the case from NYPD. The husband-and-wife Clinton insiders are both shopping for separate immunity deals, sources said.

“If they don’t cooperate they are going to see long sentences,” a federal law enforcement source said.

PEDOPHILE ACTIVITY

NYPD sources said Weiner or Abedin stored all the emails in a massive Microsoft Outlook program on the laptop. The emails implicate other current and former members of Congress and one high-ranking Democratic Senator as having possibly engaged in criminal activity too, sources said.

Prosecutors in the office of US Attorney Preet Bharara have issued a subpoena for Weiner’s cell phones and travel records, law enforcement sources confirmed. NYPD said it planned to order the same phone and travel records on Clinton and Abedin, however, the FBI said it was in the process of requesting the identical records. Law enforcement sources are particularly interested in cell phone activity and travel to the Bahamas, U.S. Virgin Islands and other locations that sources would not divulge.

The new emails contain travel documents and itineraries indicating Hillary Clinton, President Bill Clinton, Weiner and multiple members of Congress and other government officials accompanied convicted pedophile billionaire Jeffrey Epstein on his Boeing 727 known as "The Lolita Express" on multiple occasions to his private island in the U.S Virgin Islands, sources said. Epstein’s island has also been dubbed Orgy Island or Sex

Slave Island where Epstein allegedly pimps out underage girls and boys to international dignitaries.

Both NYPD and FBI sources confirm based on the new emails they now believe Hillary Clinton traveled as Epstein's guest on at least six occasions, probably more when all the evidence is combed, sources said. Bill Clinton, it has been confirmed in media reports spanning recent years, that he too traveled with Epstein over 20 times to the island.

Hillary's sexual attraction to other women - young women - has been well known for years. It drives her with such compulsion, she couldn't even control herself from leering during an official meeting with Superstar Christine Aguilera. In the now infamous photo below, it is painfully obvious what Mrs. Clinton is leering at:

Detectives from the NYPD Special Victims Unit (SVU) have told SuperStation95 that code words were used in emails to make reference to illegal child-sex. The alleged code words went something like this:

"hotdog" = boy

"pizza" = girl

"cheese" = little girl

"pasta" = little boy

"ice cream" = male prostitute

"walnut" or nuts = person of colour

"map" = semen

"sauce" = orgy

A quick search of the 50,000 or so emails from the Democratic National Committee and the Hillary Clinton Campaign, revealed by WikiLeaks, shows numerous -- and strange -- use of some of these food terms. For instance, one email, sent to Clinton Campaign Chairman John Podesta, reads as follows:

Hi John,

The realtor found a handkerchief (I think it has a map that seems pizza-related. Is it yours? They can send it if you want. I know you're busy, so feel free not to respond if it's not yours or you don't want it.

Susan & Herb

I just came from checking the Field house and I have a square cloth handkerchief (white w/ black) that was left on the kitchen island.

Happy to send it via the mail if you let me know where I should send it.

I also meant to inquire yesterday about the pillows you purchased. I can send them as well, if you let me know where they are in the house.

Safe travels to all

Kate

Thanks, Kate. We all really enjoyed it and it was very informative for us, and were talking about how great we think you are.

A handkerchief with a "map" that seems "pizza-related" is an awfully strange sentence when the common definition of those words is used. And why would anyone want back a handkerchief with pizza stains on it? HOWEVER, if the code words in the black graphic above are used, then the real meaning of this email becomes clear: someone found a handkerchief with Semen (i.e. map) on it related to a young "Girl" (i.e. pizza). And of course, the reason someone might want that handkerchief back is to prevent DNA evidence from being used against themselves in a child sex case!

Walnut growing northern CA surely knows and celebrates walnut pasta sauce?

Actually what surprises me is that we haven't already served it to you.

Who ever heard of Walnut pasta sauce? But if the code words are substituted, then what's really being discussed is colored (i.e. walnut) Little Boy (pasta) orgy (Sauce). And how did Podesta describe this "dish?" as "Ligurian."

Wikipedia tells us that "Ligurian" is a "Romance" language. Ahhhh, Romance! With little colored boys, perhaps?

Ligurian (*ligure* or *lengoa ligûre*) is a Gallo-Romance language spoken in Liguria in Northern Italy, parts of the Mediterranean coastal zone of France, Monaco and in the villages of Carloforte and Calasetta in Sardinia. It is part of the Western Romance language continuum. The Genoese (*Zenéize*), spoken in Genoa, the capital of Liguria, is the language's prestige dialect on which the standard is based.

The direct link to the WikiLeaks release of this email is located [HERE](#) so you can verify its authenticity and that it has not been altered.

NOTE: We must point out that for right now, this alleged use of code words to cover pedophile activities comes from the long experience of law enforcement which, in this case like so many others, seems to fit the facts. SuperStation95 has not (yet) been given PROOF of these child sex code-words, but law enforcement has been utterly strident in relaying to us what they say took place.

There are NUMEROUS other examples of similar strange "food" discussions in the 50,000 or so emails and readers can search for themselves to see the numerous other examples. It will become clear to even the most dense reader that something nefarious is afoot because these food discussions do not make sense unless and until the code words are used and then these numerous emails show a very different and evil activity taking place. You can search the Wikileaks emails via the direct search link [HERE](#).

What's worse, these child sex activities are continuing to this very day! And they do not only involve people inside the Clinton Campaign, they involve Congressmen, Senators, federal Judges, staffers, state-level legislators, Corporate Executives Hollywood stars, Singers, and ready for this mass-media news people! TV, and newspaper people to be specific! This is why there is so much "support" for Hillary from "the

establishment" . . . because so many of them are "in" on the child-sex ring, they know that if Hillary loses election, they will ALL go to prison if an honest President gets elected!

More Classified and Top Secret Breaches

According to other uncovered emails, Abedin and Clinton both sent and received thousands of classified and top secret documents to personal email accounts including Weiner's unsecured campaign web site which is managed by Democratic political consultants in Washington D.C.

Weiner maintained little known email accounts that the couple shared via the website anthonyweiner.com. Weiner, a former seven-term Democratic Congressman from New York, primarily used that domain to campaign for Congress and for his failed mayoral bid of New York City.

At one point, FBI sources said, Abedin and Clinton's classified and top secret State Department documents and emails were stored in Weiner's email on a server shared with a dog grooming service and a western Canadian bicycle shop.

However, Weiner and Abedin, who is Hillary Clinton's closest personal aide, weren't the only people with access to the Weiner's email account. Potentially dozens of unknown individuals had access to Abedin's sensitive State Department emails that were stored in Weiner's email account, FBI sources confirmed.

FEC records show Weiner paid more than \$92,000 of congressional campaign funds to Anne Lewis Strategies LLC to manage his email and web site. According to FBI sources, the D.C.-based political consulting firm has served as the official administrator of the anthonyweiner.com domain since 2010, the same time Abedin was working at the State Department. This means technically Weiner and Abedin's emails, including top secret State Department emails, could have been accessed, printed, discussed, leaked, or distributed by untold numbers of personnel at the Anne Lewis consulting firm because they can control where the website and its emails are pointed, FBI sources said.

According to FBI sources, the bureau's newly-minted probe into Clinton's use and handling of emails while she served as secretary of state, has also been broadened to include investigating new email-related revelations, including:

- Abedin forwarded classified and top secret State Department emails to Weiner's email

- Abedin stored emails, containing government secrets, in a special folder shared with Weiner warehousing over 500,000 archived State Department emails.
- Weiner had access to these classified and top secret documents without proper security clearance to view the records
- Abedin also used a personal yahoo address and her Clintonemail.com address to send/receive/store classified and top secret documents
- A private consultant managed Weiner's site for the last six years, including three years when Clinton was secretary of state, and therefore, had full access to all emails as the domain's listed registrant and administrator via Whois email contacts.

Because Weiner's campaign website is managed by the third-party consultant and political email guru, FBI agents are burdened with the task of trying to decipher just how many people had access to Weiner's server and emails and who were these people. Or if the server was ever compromised by hackers, or other actors.

Abedin told FBI agents in an April interview that she didn't know how to consistently print documents or emails from her secure Dept. of State system. Instead, she would forward the sensitive emails to her yahoo, Clintonemail.com and her email linked to Weiner.

Abedin said, according to FBI documents, she would then access those email accounts via webmail from an unclassified computer system at the State Dept. and print the documents, many of which were classified and top secret, from the largely unprotected webmail portals.

Clinton did not have a computer in her office on Mahogany Row at the State Dept. so she was not able to read timely intelligence unless it was printed out for her, Abedin said. Abedin also said Clinton could not operate the secure State Dept. fax machine installed in her Chappaqua, NY home without assistance.

Perhaps more alarming, according to the FBI's 302 Report detailing its interview with Abedin, none of the multiple FBI agents and Justice Department officials who conducted the interview pressed Abedin to further detail the email address linked to Weiner. There was never a follow up, according to the 302 report.

But now, all that has changed, with the FBI's decision to reopen the Clinton email investigation and the husband and wife seeking immunity deals to testify against Clinton and other associates about the contents of the laptop's emails.

BRIBES FOR WEAPONS SALES?

Even by the standards of arms deals between the United States and Saudi Arabia, one IN 2011 was enormous. A consortium of American defense contractors led by Boeing would deliver \$29 billion worth of advanced fighter jets to the United States' oil-rich ally in the Middle East.

Israeli officials were agitated, reportedly complaining to the Obama administration that this substantial enhancement to Saudi air power risked disrupting the region's fragile balance of power. The deal appeared to collide with the State Department's documented concerns about the repressive policies of the Saudi royal family.

But now, in late 2011, Hillary Clinton's State Department was formally clearing the sale, asserting that it was in the national interest. At press conferences in Washington to announce the department's approval, an assistant secretary of state, Andrew Shapiro, declared that the deal had been "a top priority" for Clinton personally. Shapiro, a longtime aide to Clinton since her Senate days, added that the "U.S. Air Force and U.S. Army have excellent relationships in Saudi Arabia."

These were not the only relationships bridging leaders of the two nations. In the years before Hillary Clinton became secretary of state, the Kingdom of Saudi Arabia contributed at least \$10 million to the Clinton Foundation, the philanthropic enterprise she has overseen with her husband, former president Bill Clinton. Just two months before the deal was finalized, Boeing -- the defense contractor that manufactures one of the fighter jets the Saudis were especially keen to acquire, the F-15 -- contributed \$900,000 to the Clinton Foundation, according to a company press release.

The Saudi deal was one of dozens of arms sales approved by Hillary Clinton's State Department that placed weapons in the hands of governments that had also donated money to the Clinton family philanthropic empire.

Under Clinton's leadership, the State Department approved \$165 billion worth of commercial arms sales to 20 nations whose governments have given money to the Clinton Foundation, according to an analysis of State Department and foundation data. That figure -- derived from the three full fiscal years of Clinton's term as Secretary of State (from October 2010 to September 2012) -- represented nearly double the value of

American arms sales made to those countries and approved by the State Department during the same period of President George W. Bush's second term.

The Clinton-led State Department also authorized \$151 billion of separate Pentagon-brokered deals for 16 of the countries that donated to the Clinton Foundation, resulting in a 143 percent increase in completed sales to those nations over the same time frame during the Bush administration. These extra sales were part of a broad increase in American military exports that accompanied Obama's arrival in the White House. The 143 percent increase in U.S. arms sales to Clinton Foundation donors compares to an 80 percent increase in such sales to all countries over the same time period.

American defense contractors also donated to the Clinton Foundation while Hillary Clinton was secretary of state and in some cases made personal payments to Bill Clinton for speaking engagements. Such firms and their subsidiaries were listed as contractors in \$163 billion worth of Pentagon-negotiated deals that were authorized by the Clinton State Department between 2009 and 2012.

The State Department formally approved these arms sales even as many of the deals enhanced the military power of countries ruled by authoritarian regimes whose human rights abuses had been criticized by the department. Algeria, Saudi Arabia, Kuwait, the United Arab Emirates, Oman and Qatar all donated to the Clinton Foundation and also gained State Department clearance to buy caches of American-made weapons even as the department singled them out for a range of alleged ills, from corruption to restrictions on civil liberties to violent crackdowns against political opponents.

As secretary of state, Hillary Clinton also accused some of these countries of failing to marshal a serious and sustained campaign to confront terrorism. In a December 2009 State Department cable published by Wikileaks, Clinton complained of "an ongoing challenge to persuade Saudi officials to treat terrorist financing emanating from Saudi Arabia as a strategic priority." She declared that "Qatar's overall level of CT cooperation with the U.S. is considered the worst in the region." She said the Kuwaiti government was "less inclined to take action against Kuwait-based financiers and facilitators plotting attacks." She noted that "UAE-based donors have provided financial support to a variety of terrorist groups." All of these countries donated to the Clinton Foundation and received increased weapons export authorizations from the Clinton-run State Department.

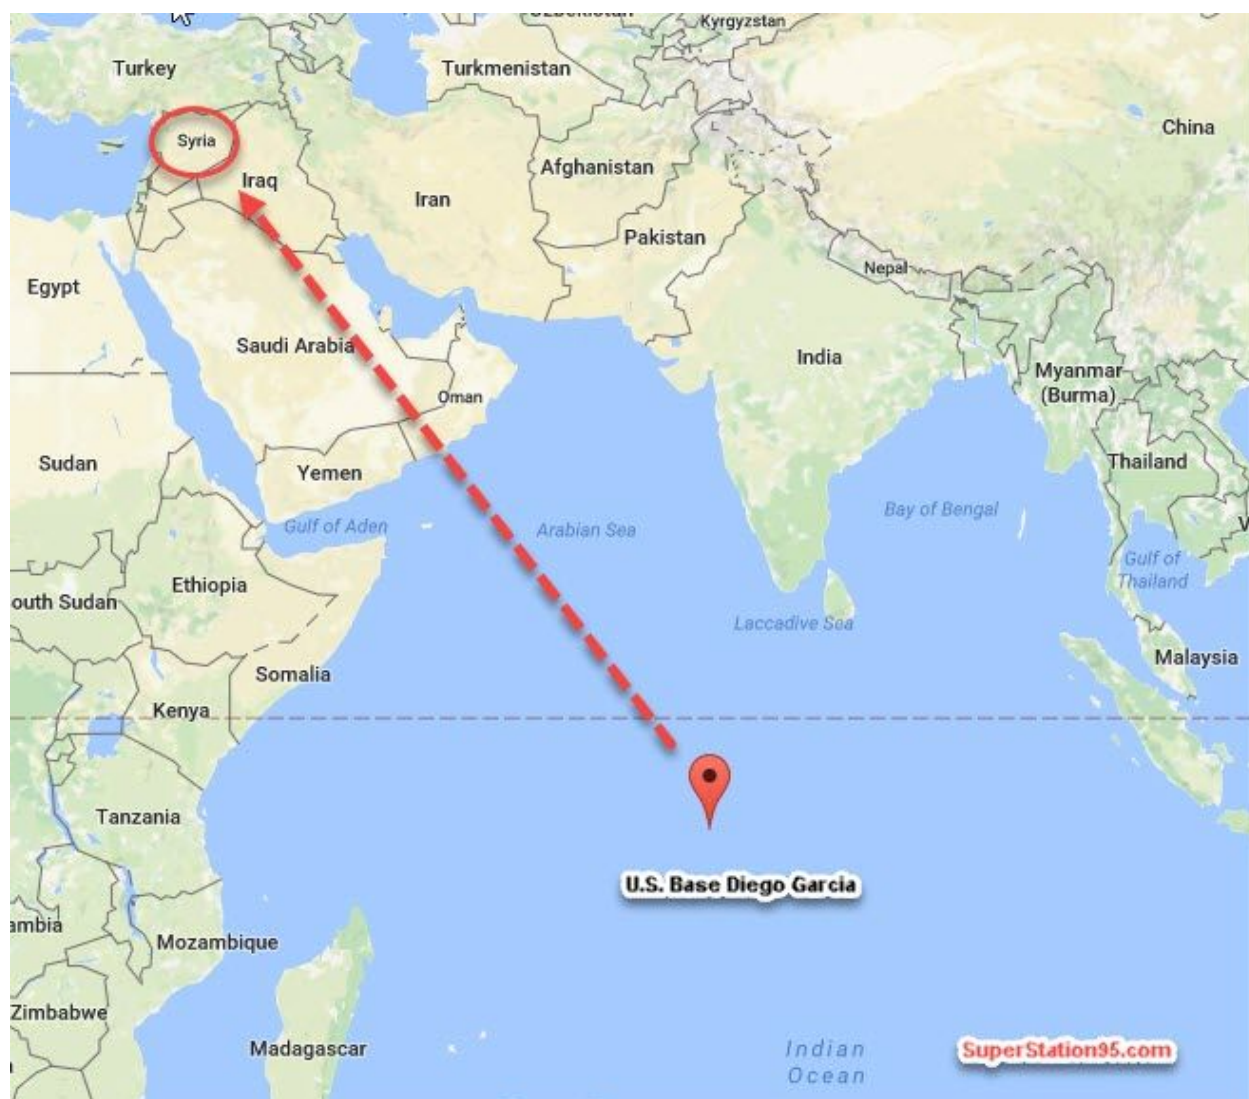

Again, on its face, these "donations" appear to be flat-out Bribes so the countries involved could get approval from the US State Department and get their hands on sophisticated US weaponry.

FEARS THEY'LL START A WAR TO DIVERT ATTENTION

The evidence in the case is so strong, and so completely devastating, that there are now legitimate fears the players in this sordid affair will actually start a WAR so as to divert the public's attention from what's taking place. A massive build-up of war planes, including B-52's, B-1b Lancers, B-2 Stealth Bombers, and enormous quantities of Fighter jets and refueling tankers, has been deployed to the American Base at Diego Garcia in the Indian Ocean. So many aircraft are there, that the base commander has had to start parking fighter jets along the civilian highway which runs next to the base! Air Force security is said to be all over that area to make certain the aircraft -- which are ARMED -- remain safe.

In addition to the enormous air power deployment, all the berths at naval docks in that base are full and no less than THIRTY other US warships are anchored offshore.

Diego Garcia is the perfect staging area if the US was to commence war in Syria. And, as most readers already know, the US has broken-off relations with Russia as far as cooperating in the fight against terrorists in Syria, and has been bad-mouthing both Syria and Russia for months. In addition, under US insistence, NATO has been moving troops, tanks and aircraft closer to the Russian border with Europe.

It appears the US is planning to directly attack the Syrian government and that would mean direct war with Russia. A massive war with Russia is exactly the type of diversion to completely take the focus OFF the child-sex ring, Bribery and alleged Murder uncovered by the NYPD.

Watch for it . . . an excuse to go to war -- and don't be fooled if it starts. These people are facing life in prison for what they've been caught doing. They will do ANYTHING to get out of that . . . even start a war that gets a lot of us killed.

Of course the other possibility is a "false-flag" terrorist attack, of similar spectacular horror as the attacks of 9-11, perhaps this time against multiple U.S. Cities. Again, Watch for it . . . and don't be fooled or distracted.

Remember all this when you go to vote on November 8. If Hillary Clinton gets in, she can Pardon herself and all her pals. And if Obama Pardons Hillary in advance -- then he's "in on it" too.
